DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

Presents

A Seminar on Entrepreneurship Development

25/08/2022

ABOUT THE COLLEGE

Brilliant Institute of engineering and technology was established in 2008, promoted by Brilliant Grammar School Educational society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception The college is offering UG Courses CSE, CSE-AI&ML, CSE-DS,CSE-CS,CSE-AIDS,CSE-SE ECE, EEE, MECH, CIVIL, and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT IPR CELL

An Intellectual Property Right (IPR) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Intellectual Property Rights in the Institution and also to create awareness among the stakeholders to save individuals work or ideas

ABOUT THE SEMINAR

The purpose of this seminar is to make aware the participants about the rights provided by the IPR to creators or inventors. It also encourages the individuals to share the information of their ideas rather than keeping them secret and also makes one to know about the benefits and legal defense for their inventions.

REGISTRATION

It is open to all faculty, No registration fee. Register on or before 25/08/2022 through the following link

Target Audience

Faculty members, Research Scholars and Academicians who are all intended to do quality project/research works

About the College:

Brilliant Institute of Engineering & Technology- (BRIL) was established in the year 2008 as the first self-financing engineering college in the state of Telangana. It is located in a vast expanse of 70 acres of land on the outskirts of Hyderabad city at a distance of about 20Kms from the city centre. The college offers 7 undergraduate programmes and. The faculty at present are 350, comprising of well qualified professionals with varied experience and background. The college boasts 64 MoUs with industrial partners and has established Skill Development Centre in association with Govt of TS.

About EEE Department:

Established in the year 2008, the department of Electrical and Electronics Engineering offers B.Tech programme in Electrical and Electronics Engineering and The department has a team of highly qualified senior faculty with specializations in core areas of Electrical and Electronics Engineering department. The Electrical and Electronics Engineering department has been sanctioned projects from various organizations like UGC, AICTE. The faculty strength of 48 and an intake of 59 students for UG.

PRINCIPAL
BRILLIANT INSTITUTE OF
ENGINEERING AND TECHNOLOGY
VIII & MDI: Abdullapurmet, R.R. Dist-501505.

About the Programme:

Entrepreneurship lights the spark of economic growth and paves the path for innovation. In the business world, it stands as a vital force, driving change and offering opportunities for research into its many facets. The study of start-ups opens a window into the strategies, challenges, and successes that shape the business landscape according to this order; any work first published in any country - which is a member of any of the above conventions - is granted the same treatment as if it was first published in India

Objectives:

1. The General Objective of the "Copyright Manual on Registration of Artistic Works and Incidental Issues" being published shall be to bring uniformity and consistency of practice with respect to the procedures involved in the examination and registration of various Copyright applications pertaining to artistic works in administration of the Copyright Act 1957 and Copyright Rules 2013 made thereunder. It is further hoped that the manual will be useful for the examiners of the Copyright Office and the users of the system.

Resource Person:

Dr K.Raju Professor, TKR College of
Engineering & Technology, JNTU
Hyderabad

Contents of the Workshop:

- Artistic works
- Process and Product Improvement
- Work of architecture Quality
- Work of Sculpture
- Photograph
- Work capable of being used in relation to goods or services Engravings
- **Benefits and Take Away:**
- For greater understanding and transparency in the system, the manual attempts to enlighten the practice and registration procedure of the Copyright Office by categorizing the manual in three parts: concepts, the procedural requirements for registration of a work. and the office action involved as per the provisions of Copyright Act, 1957 and Copyright rules 2013 made thereunder, and issues pertaining/ incidental to registration of different Artistic works

Venue:

Seminar Hall-2

POST EVENT REPORT ON**A Seminar on “Entrepreneurship Development “**25th August 2022

The purpose of an entrepreneurial mindset is the bedrock of business innovation, a mental toolkit that combines risk-taking with creative problem-solving. It empowers individuals to embrace challenges and seize opportunities in the relentless pursuit of success.

What are the basic rules of Entrepreneurship Development?

Entrepreneurship fuels business growth and sparks new ideas. It's a key driver in the business world, pushing for change and offering many areas to explore. Looking into entrepreneurship research topics is like peeking into how businesses start and grow, their challenges, and what makes them succeed. This field is packed with various subjects for study, each shedding light on different parts of the entrepreneurial path. or lending.

Limitations of Entrepreneurship Development -

- Financial uncertainty: There may be no income in the early days of a business
- Financing constraints: Poorly functioning financial markets can make it difficult for new businesses to enter the market
- Risk of business failure: There is a chance of going bankrupt if the business idea doesn't work out
- The amount and substantiality of the portion used. ...
- The effect of the use upon the potential market for or value of the copyrighted work.

What are the risks of Entrepreneurship Development?

- Financial, market, operational, strategic, competitive, compliance, and credibility risks.
- Financial risk
- Willful copyright infringement can result in criminal penalties including imprisonment of up to five years and fines.
- Copyright infringement can also result in civil judgments.

How long is Entrepreneurship Development valid?

As a general rule, for works created after January 1, 1978, copyright protection lasts for the life of the author plus an additional 70 years.

Who owns Entrepreneurship Development?

Copyrights are generally owned by the people who create the works of expression, with some important exceptions: If a work is created by an employee in the course of his or her employment, the employer owns the copyright.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Presents

A Two Day Workshop on Future Proofing for your Career

10/09/2022 to 11/09/2022

ABOUT THE COLLEGE

Brilliant Institute of engineering and technology was established in 2008, promoted by Brilliant Grammar School Educational society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception. The college is offering UG Courses CSE, CSE-AI&ML, CSE-DS, CSE-CS, CSE-AIDS, CSE-SE ECE, EEE, MECH, CIVIL, and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT RM CELL

A Research methodology (RM) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Research work done in the Institution and also to create awareness among the stakeholders to save individuals work or ideas

ABOUT THE WORKSHOP

The purpose of this workshop is to make aware the participants about the rights provided by the Research Methodology (RM) to creators or inventors. It also encourages the individuals to share the information of their ideas rather than keeping them secret and also makes one to know about the benefits and legal defense for their inventions.

REGISTRATION

It is open to all faculty. No registration fee. Register on or before 10/09/2022 to 11/09/2022.

<p>About the College: Brilliant Institute of Engineering & Technology (BRIL) was established in the year 2008 as the first self-financing engineering college in the state of Telangana. It is located in a vast expanse of 70 acres of land on the outskirts of Hyderabad city at a distance of about 20Kms from the city centre. The college offers 7 undergraduate programmes and. The faculty at present are 350, comprising of well qualified professionals with varied experience and background. The college boasts 64 MoUs with industrial partners and has established Skill Development Centre in association with Govt of TS.</p> <p>About CSE Department: Established in the year 2008, the department of CSE offers B.Tech programme in CSE has a team of highly qualified senior faculty with specializations in core areas of CSE department. The CSE department that been sanctioned projects from various organizations like UGC, AICTE.</p>	<p>About the Programmes: Future-proofing your career involves being adaptable, learning new skills, and staying up to date with industry trends. Future-proofing your career entails adaptability and foresight. The cornerstone of future-proofing your career lies in continuous learning and skill development. Proactively prepare for the evolving job market by embracing emerging technology opportunities.</p> <p>Objectives:</p> <ol style="list-style-type: none"> 1. Learning new skills 2. Staying current 3. Building your network 4. Being open to change 5. Building your personal brand. <p>Resource Person: Dr. M SUJATHA ASSOCIATE PROFESSOR MRCET-HYDERABAD</p>	<p>Venue: Seminar Hall-II Brilliant Institute of Engineering and Technology.</p>

POST EVENT REPORT ON

A Two Day Workshop on Future Proofing for your career

10/09/2022 to 11/09/2022

Future-proofing your career involves being adaptable, learning new skills, and staying up to date with industry trends. Future-proofing your career entails adaptability and foresight. The cornerstone of future-proofing your career lies in continuous learning and skill development. Proactively prepare for the evolving job market by embracing emerging technology opportunities.

Learning new skills

Take on new responsibilities, seek out training opportunities, and enroll in skills courses.

Staying current

Keep up with industry trends, news, and press.

Building your network

Join professional organizations, attend industry events, and develop relationships with people outside your current industry.

Being open to change

Embrace new opportunities and technologies, and be willing to adapt to the changing job market.

Developing digital literacy

Understand how digital tools work and how to use them effectively.

Building your personal brand

Pay attention to how you present yourself to others, both in person and online.

Keeping a journal

Document your accomplishments so you can easily identify your strengths when applying for jobs.

Considering future-proof jobs

Look for jobs that are likely to remain in demand as the job market changes.

DEPARTMENT OF CIVIL ENGINEERING

Presents

Design Thinking for Engineers

27-10-2022 to 28-10-2022

ABOUT THE COLLEGE

Brilliant Institute of engineering and technology was established in 2008, promoted by Brilliant Grammar School Educational society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception. The college is offering UG Courses CSE, CSE-AI&ML, CSE-DS, CSE-CS, CSE-AIDS, CSE-SE ECE, EEE, MECH, CIVIL, and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT IPR CELL

An Intellectual Property Right (IPR) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Intellectual Property Rights in the Institution and also to create awareness among the stakeholders to save individuals work or ideas.

ABOUT THE WORKSHOP

A workshop on **Design Thinking for Engineers** can be highly impactful by introducing students to a

PRINCIPAL
BRILLIANT INSTITUTE OF
ENGINEERING AND TECHNOLOGY
V. & Mdt: Abdullapurmet, R.R. Dist-501 505

creative problem-solving approach that's widely used in innovation-driven industries.

REGISTRATION

It is open to all faculty , Students and Research Scholars. No registration fee. Register on or before 24/10/2022 through the following link

SCHEDULE:

Date & Time	Topic	Speaker
Day-1 (27/10/2022) Session 1: 10:30 AM – 12:30 PM	Introduction to Design Thinking <ul style="list-style-type: none"> <input type="checkbox"/> Empathize: Understand the user and their needs. <input type="checkbox"/> Define: Clearly define the problem. <input type="checkbox"/> Ideate: Generate a wide range of ideas. <input type="checkbox"/> Prototype: Build simple models or representations of ideas. <input type="checkbox"/> Test: Evaluate prototypes with users and iterate. 	Dr.Y.Naveen Kumar
Day-1 (27/10/2022) Session 2: 03:00 PM – 05:00 PM	Team Formation and Icebreaker <ul style="list-style-type: none"> <input type="checkbox"/> Team Formation: Divide participants into small teams (4–6 people per team). <input type="checkbox"/> Icebreaker Activity: A quick icebreaker (e.g., “Two Truths and a Lie” or “Speed Introductions”) to encourage collaboration and set a comfortable tone for the group work. 	Dr.Y.Naveen Kumar
Day-2 (28/10/2022) Session 1: 10:30 AM – 12:30 PM	Stage 1: Empathy – Understanding the User <ul style="list-style-type: none"> • Conduct “empathy interviews” (or brainstorm personas) to understand the user’s needs, pains, and desires. • Use tools like user journey maps or empathy maps to visualize insights. 	Dr.Y.Naveen Kumar
Day-2 (28/10/2022) Session 1: 10:30 AM – 12:30 PM	Stage 2: Define – Framing the Problem <ol style="list-style-type: none"> 1. Ideate – Generating Ideas 2. Prototype – Building a Low-Fidelity Prototype 3. Test – Gathering Feedback 4. Wrap-Up and Reflection 	Dr.Y.Naveen Kumar

Note:

- ❖ Registration is free and includes participation certificate, lunch, high tea and lodging (outstation participant only).
- ❖ Attendance is mandatory for all the sessions to get the participation certificate

Chairman

Sri K. Narayan Reddy

Brilliant Group of Technical Institutions

Principal

Dr. Shaik Rusthum

College Advisory Committee

1. Mr K Venkateshwara Reddy-MBA-HOD

2. Dr. M Nagarjuna -MECH-HOD

3. Mr J Reddeppa Reddy-CSE-HOD

4. Mr M Vinod Kumar-ECE-HOD

Address for Communication:

Mr. B S RAKESH KUMAR REDDY

Head of the Department (CIVIL)

Mobile – 8008492559

brilcivil@gmail.com

Registration starts at 01:30 PM on

20th OCT-2023

Organized by

Department of Civil Engineering

Brilliant Institute of Engineering and

Technology,

Abdullapur(V), Abdullapurmet(M),

Telangana State-501505.

www.b-iet.ac.in

Workshop on

“DESIGN THINKING FOR ENGINEERS”

27 & 28 Oct 2023

Dr. Shaik Rusthum, Principal

Mr. B S Rakesh Kumar Reddy
HOD.

Mrs R Sahithi, Incharge

Chief coordinator

Mr. B S Rakesh Kumar Reddy

Asst. Professor & Head of Department-CIVIL

Co-Ordinators

Mr M Sai

Asst. Professor, Department of CIVIL

Mrs. J Rachana Reddy

Asst. Professor, Department of CIVIL

Target Audience

Students, Faculty members, Research Scholars and Academicians who are all intended to do quality project/research works

PRINCIPAL
BRILLIANT INSTITUTE OF
ENGINEERING AND TECHNOLOGY
Via. & R.D: Abdullapurmet, R.R. Dist-501 505

About the College:

Brilliant Institute of Engineering & Technology- (BRIL) was established in the year 2008 as the first self-financing engineering college in the state of Telangana. It is located in a vast expanse of 70 acres of land on the outskirts of Hyderabad city at a distance of about 20Kms from the city centre. The college offers 7 undergraduate programmes and. The faculty at present are 350, comprising of well qualified professionals with varied experience and background. The college boasts 64 MoUs with industrial partners and has established Skill Development Centre in association with Govt of TS.

About CIVIL Department:

Established in the year 2008, the department of CIVIL offers B.Tech programme in CIVIL has a team of highly qualified senior faculty with specializations in core areas of CIVIL department. The CIVIL department that been sanctioned projects from various organizations like UGC, AICTE.

About the Programme:

A workshop on Design Thinking for Engineers can be highly impactful by introducing students to a creative problem-solving approach that's widely used in innovation-driven industries.

Objectives:

1. Introduce the Concept of Design Thinking
2. Encourage a User-Centric Approach
3. Foster Creative and Innovative Thinking
4. Develop Problem-Solving Skills
5. Enhance Prototyping and Iterative Development Skills
6. Promote Collaboration and Interdisciplinary Thinking
7. Encourage Application of Design Thinking in Engineering Projects

POST EVENT REPORT ON

Workshop On Patent: “ Design Thinking for Engineers”

27th & 28th October, 2022

Day-1	27 th October, 2022
Resource Person	Dr.Y.Naveen Kumar
Profile	Professor, Siddhartha Institute of Engineering and Technology
Topic	“Design Thinking For Engineers “
Session Overview	The workshop emphasizes bridging technical innovation with real-world user needs, equipping participants with practical tools and techniques to approach challenges innovatively in their engineering practices.

Day-2	28 th October, 2022
Resource Person	Dr.Y.Naveen Kumar
Profile	Professor,Siddhartha Institute of Engineering and Technology
Topic	“Design Thinking For Engineers “
Session Overview	Design Thinking for Engineers workshop introduces participants to a user-centric approach for solving complex problems creatively and collaboratively. Through an interactive session, engineers will explore the five stages of Design Thinking Empathize, Define, Ideate, Prototype, and Test by engaging in hands-on activities such as empathy mapping, brainstorming, prototyping, and iterative feedback.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Presents

One day Workshop on Communication skills

09/02/2023

Brilliant Institute of engineering and technology was established in 2008, promoted by Brilliant Grammar School Educational society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception the college is offering UG Courses CSE, ECE, EEE, MECH, CIVIL and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT IPR CELL

An Intellectual Property Right (IPR) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Intellectual Property Rights in the Institution and also to create awareness among the stakeholders to save individuals work or ideas

ABOUT THE WORKSHOP

The purpose of this workshop is to make aware the participants about the rights provided by the IPR to creators or inventors. It also encourages the individuals to share the information of their ideas rather than keeping them secret and also makes one to know about the benefits and legal defense for their inventions.

ONE DAY WORKSHOP

ON

COMMUNICATION SKILLS

09-02-2023

organized by
DEPARTMENT OF
ELECTRONICS &
COMMUNICATION ENGINEERING

BRILLIANT INSTITUTE OF
ENGINEERING AND TECHNOLOGY
Principal
Dr. Shaik Rusthum, R.P. D.No.50/1505

About The collage

Brilliant Institute of Engineering & Technology-(BRIL) was established in the year 2008. It is located in a vast expanse of 70 acres of land on the outskirts of Hyderabad city at a distance of about 20Kms from the city centre. BRIL has a long tradition of producing technically competent engineers. And has renowned alumni occupying prominent positions in industry, academia, and research across the world. BRIL has excellent T&P cells facilitating students to explore new career avenues while developing the right attitude.

Contents to be Covered:

- What is communication skill
- Importance of communication skill
- Applications of communication skill

Objectives:

- Sending, receiving, and understanding the message or information.
- Development of Interposal Skills.
- To express effectively with maximum efficiency

About The Department

The Department was established in 2008, and has dedicated itself to improving the quality of education & academic excellence. With full Fledged laboratories, highly qualified faculty, advanced equipment, state -of-the-art testing machines and professional software, the department helps both community oriented and industry based research. The department also carries out various seminars, internships and awareness programmes, and also helps industries in product development and student for their research projects.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

Presents

One Day Workshop on Research Methodology in Emerging Technologies

22/02/2023

ABOUT THE COLLEGE

Brilliant Institute of engineering and technology was established in 2008, promoted by Brilliant Grammar School Educational society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception The college is offering UG Courses CSE, CSE-AI&ML, CSE-DS,CSE-CS,CSE-AIDS,CSE-SE ECE, EEE, MECH, CIVIL, and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT IPR CELL

An Intellectual Property Right (IPR) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Intellectual Property Rights in the Institution and also to create awareness among the stakeholders to save individuals work or ideas

ABOUT THE WORKSHOP

The purpose of this workshop is to make aware the participants about the rights provided by the IPR to creators or inventors. It also encourages the individuals to share the information of their ideas rather than keeping them secret and also makes one to know about the benefits and legal defense for their inventions.

REGISTRATION

It is open to all faculties. No registration fee. Register on or before 22/02/2023 through the following link

BRILLIANT INSTITUTE OF ENGINEERING AND TECHNOLOGY

Vill & Md: Abdullapurmet, R.R. Dist-501505.

about the College:

Brilliant Institute of Engineering & Technology- (BRIL) was established in the year 2008 as the first self-financing engineering college in the state of Telangana. It is located in a vast expanse of 70 acres of land on the outskirts of Hyderabad city at a distance of about 20Kms from the city centre. The college offers 7 undergraduate programmes and. The faculty at present are 350, comprising of well qualified professionals with varied experience and background. The college boasts 64 MoUs with industrial partners and has established Skill Development Centre in association with Govt of TS.

About EEE Department:

Established in the year 2008, the department of Electrical and Electronics Engineering of for B.Tech programmer in Electrical and Electronics Engineering and The department has a team of highly qualified senior faculty with specializations in core areas of Electrical and Electronics Engineering department. The Electrical and Electronics Engineering department has been sanctioned projects from various organizations like UGC, AICTE. The faculty strength of 43 and an intake of 54 students for UG.

Venue:

Seminar Hall-2

Brilliant Institute of Engineering and Technology

About the Programme:

The Trade Mark Act prescribes the so-called "compulsory use" of the trade mark for all claimed goods and services. This means that you must use your trade mark in trade for all claimed goods and services to maintain the right to the trade mark. If the trade mark is not used within a continuous period of more than five years, there is a danger of cancellation of the trade mark upon request by a third party,

Objectives:

The Indian government, with the aim to nurture entrepreneurship in the country, has taken a huge leap and become the harbinger of the 'Make in India' and 'Digital India' campaigns. In its quest to encourage innovation and ownership, the government is leading the mandate and has decided to become an entrepreneur. Successful registrations in key trademarks have been acquired, such as: 'Make in India' – the Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India; and Incredible India – the Ministry of Tourism, Government of India.

Resource Person:

E. Roshaiyah

Associate Professor, TKR College of

Engineering and Technology, JNTU

Hyderabad

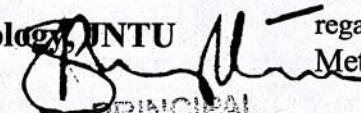

Contents of the Workshop:

- Have you been creative when designing the trade mark? Avoid descriptive or deceptive terms, or terms that are often used in advertising.
- Make sure that there is no other trade mark similar or identical to your trade mark. Search for existing rights of third parties before filing an application
- Make sure you used and completely filled out our official application form.
- Is the trade mark represented correctly?
- Does the list of goods and services correspond to the Nice Classification? Use the search engine on our website to check developments

➤ Benefits and Take Away:

The Research Methodology in Emerging Technologies Act prescribes the so-called "compulsory use" of the trade mark for all claimed goods and services. Applications for Research Methodology in Emerging Technologies received at the DPMA amount to approximately 60,000 each year. Consequently, the probability increases that newly registered Research Methodology in Emerging Technologies will violate your IP right. Therefore, many trade mark owners actively monitor their Research Methodology in Emerging Technologies and permanently observe the relevant trade mark registers with regard to possible conflicting Research Methodology in Emerging Technologies

**POST EVENT REPORT ON****One Day Workshop on Research Methodology in Emerging Technologies****22/02/2023**

Day-1	22 nd February 2023
Resource Person	Mr.E.ROSHAIAH
Profile	Associate professor, TKR College of Engineering & Technology, JNTU Hyderabad
Topic	One Day Workshop on Research Methodology in Emerging Technologies
Session Overview	This was done to bring the I would like to know what could possibly be the best book on research methodology for emerging technologies, or if anyone can help me determine what should be the least learning outcome for the student after studying the research methodology in the computer science domain. From what I've seen, a lot of students don't learn much in the research methodology class.

Website: www.b-iet.ac.in, e-mail: principal@b-iet.ac.in Contact No.: +919652929786**POST EVENT REPORT ON****One Day Workshop on Research Methodology in Emerging Technologies****22/02/2023**

This was done to bring the emerging technologies pose considerable challenges for 'classical' technology assessment (TA). If TA focuses on the outcomes or impacts of a technology, it can be performed only at later stages of technology development—when societal implications can easily be identified and determined. On the other hand, decision support and policy making require information on the potential consequences of the introduction of new technologies before they are widely implemented, i.e. at early stages of their development when the direction of the innovation process already can be influenced but its implications can hardly be foreseen.

What are the 3 most common Research Methodologies in Emerging Technologies?

Some of the most widely recognized and famous trademarks include:

- Google.
- Walmart.
- Vodafone.
- Rolex.
- Clorox.
- Kodak.
- Exxon.
- Victoria Secret.

What is Trademark Act, 1999 with latest amendments?

An Act to amend and consolidate the law relating to trade marks, to provide for registration and better protection of trade marks for goods and services and for the prevention of the use of fraudulent marks.

What is the strongest Research Methodologies in Emerging Technologies?

The strongest types of trademarks are (1) fanciful or coined marks, such as EXXON for petroleum products; and (2) arbitrary marks, such as AMAZON for retail services.

What is the current Research Methodologies in Emerging Technologies in India?

Research methodology in emerging technologies involves using data-driven decision-making and interdisciplinary collaboration to study new technologies. Some examples of emerging technologies include augmented reality (AR), robotics, and machine learning. 1999 as, "trade mark means a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others and may include shape of goods, their packaging and combination of colors.

Is GST mandatory for Research Methodologies in Emerging Technologies?

GST must be used if the partnership firm has registered for it. Unless a word mark is being registered, include a logo if one is available. A trademark description is a description of a trademark-protected product or service.

Advantages of Research Methodologies in Emerging Technologies Registration in India

- automating data analysis,
- identifying patterns,
- Generating insights from large and complex datasets. ...
- Creation of a Valuable Asset. ...
- Differentiates Your Product Or Service. ...

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Presents

Two days Workshop on Women Entrepreneurship

23/03/2023 & 24/03/2023

Brilliant Institute of engineering and technology was established in 2008, promoted by Brilliant Grammar School Educational society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception the college is offering UG Courses CSE, ECE, EEE, MECH, CIVIL and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT IPR CELL

An Intellectual Property Right (IPR) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Intellectual Property Rights in the Institution and also to create awareness among the stakeholders to save individuals work or ideas

ABOUT THE WORKSHOP

The purpose of this workshop is to make aware the participants about the rights provided by the IPR to creators or inventors. It also encourages the individuals to share the information of their ideas rather than keeping them secret and also makes one to know about the benefits and legal defense for their inventions.

CIRCULAR

Chairman, NRI A. Narayan Reddy

Sub: A workshop on "Women Entrepreneurship" under IPR Cell

This is to inform students of III B.Tech and faculty of ECE department that a two days workshop on "Women Entrepreneurship" is scheduled on 23/03/2023 & 24/03/2023. This program will enhance the knowledge on Entrepreneurship. All are instructed to attend the seminar without fail. The seminar is organized by IPR cell on 23/03/2023 & 24/03/2023 in Seminar hall-2 from 10:00am to 03:30pm.

About The Department

The Department was established in 2008, and has dedicated itself to improving the quality of education & academic excellence. With full Fledged laboratories, highly qualified faculty, advanced equipment, state -of-the-art testing machines and professional software, the department helps both community oriented and industry based research. The department also carries out various seminars,internships and awareness programmes, and also helps industries in product development and student for their research projects.

Objectives:

The objectives of women entrepreneurship are to help women start, run, and grow their businesses, and to create a supportive environment for women entrepreneurs.

Topics to be Covered:

The topics of women entrepreneur include identifying opportunities, planning and organizing business operations, managing risks, fostering innovation, handling finances, marketing and sales, leading teams, building networks, and adapting to market changes

About The college

Brilliant Institute of Engineering & Technology-(BRIL) was established in the year 2008. It is located in a vast expanse of 70 acres of land on the outskirts of Hyderabad city at a distance of about 10Kms from the city centre. BRIL has a long tradition of producing technically competent engineers. And has renowned alumni occupying prominent positions in industry, academia,and research across the world .BRIL has excellent T&P cells facilitating students to explore new career avenues while developing the right

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Presents

A Two Day Workshop on IOT for Beginners

21/03/2023 to 22/03/2023

ABOUT THE COLLEGE

Brilliant Institute of engineering and technology was established in 2008, promoted by Brilliant Grammar School Educational society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception. The college is offering UG Courses CSE, CSE-AI&ML, CSE-DS, CSE-CS, CSE-AIDS, CSE-SE ECE, EEE, MECH, CIVIL, and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT RM CELL

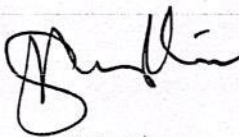

A Research methodology (RM) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Research work done in the Institution and also to create awareness among the stakeholders to save individuals work or ideas

ABOUT THE WORKSHOP

The purpose of this workshop is to make aware the participants about the rights provided by the Research Methodology (RM) to creators or inventors. It also encourages the individuals to share the information of their ideas rather than keeping them secret and also makes one to know about the benefits and legal defense for their inventions.

REGISTRATION

It is open to all faculty. No registration fee. Register on or before 21/03/2023 to 22/03/2023.

--	---	---

<p>About the College: Brilliant Institute of Engineering & Technology (BRIL) was established in the year 2008 as the first self-financing engineering college in the state of Telangana. It is located in a vast expanse of 70 acres of land on the outskirts of Hyderabad city at a distance of about 20Kms from the city centre. The college offers 7 undergraduate programmes and. The faculty at present are 350, comprising of well qualified professionals with varied experience and background. The college boasts 64 MoUs with industrial partners and has established Skill Development Centre in association with Govt of TS.</p> <p>About CSE Department: Established in the year 2008, the department of CSE offers B.Tech programme in CSE has a team of highly qualified senior faculty with specializations in core areas of CSE department. The CSE department that been sanctioned projects from various organizations like UGC, AICTE.</p>	<p>About the Programmes: IoT workshops for beginners can teach you how to build IoT devices, use sensors, and communicate and secure IoT data. They can also help you learn how to apply IoT to real-world problems.</p> <p>Objectives:</p> <ol style="list-style-type: none"> 1. IoT workshops for beginners can teach you how to build IoT devices, use sensors, and communicate and secure IoT data. They can also help you learn how to apply IoT to real-world problems, topics covered in IoT workshops 2. Introduction to IoT 3. Building IoT devices 4. IoT communication 5. IoT security 6. IoT analytics 7. IoT platforms <p>Resource Person: Dr. A Ravi ASSOCIATE PROFESSOR KLU-VIJAYAWADA</p>	<p>Venue: Seminar Hall-II Brilliant Institute of Engineering and Technology.</p>

POST EVENT REPORT ON

A Two Day Workshop on IOT for Beginners

21/03/2023 to 22/03/2023

IoT workshops for beginners can teach you how to build IoT devices, use sensors, and communicate and secure IoT data. They can also help you learn how to apply IoT to real-world problems. Topics covered in IoT workshops

Introduction to IoT: Learn the basics of IoT, including its significance and how it works

Building IoT devices: Learn how to build IoT devices, such as those using Arduino or Raspberry Pi

IoT communication: Learn how to communicate with IoT devices, including using MQTT, HTTP API, and Node-Red Programming

IoT security: Learn how to secure IoT devices and data

IoT analytics: Learn how to analyze data collected by IoT devices

IoT platforms: Learn how to use IoT platforms to build and integrate IoT applications

**Post Event Report on Workshop on GREEN ENTREPRENEURSHIP:
INNOVATION&CHALLENGES
03/04/2023 TO 04/04/2023**

Resource Person:	MD.AZAMELL
Profile:	DR.MD.AZAMELLS is well known Educational Trainer & Professor in Management Studies.
Session Overview:	<p>The Speaker Has Shared His Valuable Ideas and Views with Students and Faculty, There was a good interaction between students, Faculty and the Guest. How a Person can assess GREEN ENTREPRENEURSHIP: INNOVATION& CHALLENGES during the study, The Speaker shared how to protect GREEN ENTREPRENEURSHIP; INNOVATION&CHALLENGES, advanced information also.</p> <p>The speaker focused on how Green entrepreneurship is crucial in promoting the circular economy, while creating new business opportunities with social benefits. Green product innovation is vital for growth and environmental sustainability. The speaker shared on the importance of moving towards zero-waste production, design, reuse, and refurbishment which requires innovation and new business models, that can be facilitated by green entrepreneurship. However, the speaker also insisted that despite their essential role, green entrepreneurs often need help establishing and maintaining their businesses. These constraints include financial and non-financial barriers. The speaker also stressed on Green businesses, whose economic and environmental aspirations are intimately linked, often face challenges related to investor uncertainty about returns and the risks associated with emerging environmental technologies</p> <p>The speaker created interest by showing videos and Collected innovative Ideas from the students, speaker has presented how it will be add advantage to the organization and individual itself, Professor has made a mark as forward thinking towards trouble shooting to the next level.</p>

Presents

Workshop on Building Soft Skills in Engineering Students

22-05-2023 to 23-05-2023

ABOUT THE COLLEGE

Brilliant Institute of engineering and technology was established in 2008, promoted by Brilliant Grammar School Educational society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception. The college is offering UG Courses CSE, CSE-AI&ML, CSE-DS, CSE-CS, CSE-AIDS, CSE-SE ECE, EEE, MECH, CIVIL, and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT IPR CELL

An Intellectual Property Right (IPR) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Intellectual Property Rights in the Institution and also to create awareness among the stakeholders to save individuals work or ideas.

ABOUT THE WORKSHOP

A workshop on **Building Soft Skills in Engineering Students** is designed to help engineering students develop the soft skills essential for thriving in their professional lives. While technical knowledge

PRINCIPAL
BRILLIANT INSTITUTE OF
ENGINEERING AND TECHNOLOGY
V-1 & Mdl: Abdullapurmet, R.R. Dist-501 505

forms the backbone of engineering, soft skills such as communication, teamwork, leadership, and emotional intelligence empower engineers to collaborate, innovate, and lead effectively.

REGISTRATION

It is open to all faculty, Students and Research Scholars. No registration fee. Register on or before 19/05/2023 through the following link

SCHEDULE:

Date & Time	Topic	Speaker
Day-1 (22/05/2023) Session 1: 10:30 AM – 12:30 PM	Communication and Collaboration Introduction to Soft Skills <ul style="list-style-type: none"> • Importance of soft skills for engineers • Soft skills vs. technical skills: Why both are essential. • Key soft skills to focus on: communication, teamwork, leadership, and adaptability. Effective Communication <ul style="list-style-type: none"> • Verbal and non-verbal communication. • Techniques for clarity and confidence in speaking. • Writing professional emails and reports. 	Dr.Guguloth Vikas
Day-1 (22/05/2023) Session 2: 03:00 PM – 05:00 PM	Team Collaboration and Conflict Resolution <ul style="list-style-type: none"> • Importance of teamwork in engineering projects. • Understanding team dynamics. • Conflict resolution strategies. 	Dr.Guguloth Vikas
Day-2 (23/05/2023) Session 1: 10:30 AM – 12:30 PM	Leadership, Emotional Intelligence, and Presentation Skills Leadership and Decision Making <ul style="list-style-type: none"> • Characteristics of an effective leader. • Decision-making models for engineers. • Delegating and motivating a team. 	Dr.Guguloth Vikas

ENGINEERING AND TECHNOLOGY
VIII & Md: A: Abdullapurmet, R.R. Dist- Warangal

About the College:

Brilliant Institute of Engineering & Technology- (BRIL) was established in the year 2008 as the first self-financing engineering college in the state of Telangana. It is located in a vast expanse of 70 acres of land on the outskirts of Hyderabad city at a distance of about 20Kms from the city centre. The college offers 7 undergraduate programmes and. The faculty at present are 350, comprising of well qualified professionals with varied experience and background. The college boasts 64 MoUs with industrial partners and has established Skill Development Centre in association with Govt of TS.

About Civil Department:

Established in the year 2008, the department of CIVIL offers B.Tech programme in CIVIL has a team of highly qualified senior faculty with specializations in core areas of CIVIL department. The CIVIL department that been sanctioned projects from various organizations like UGC, AICTE.

About the Programme:

A workshop building Soft Skills in Engineering Students is designed to help engineering students develop the soft skills essential for thriving in their professional lives. While technical knowledge forms the backbone of engineering, soft skills such as communication, teamwork, leadership, and emotional intelligence empower engineers to collaborate, innovate, and lead effectively.

Objectives:

1. Enhance Communication Abilities
2. Foster Teamwork and Collaboration
3. Cultivate Leadership Qualities
4. Improve Problem-Solving and Critical Thinking
5. Develop Time Management and Organizational Skills
6. Build Adaptability and Resilience
7. Boost Professionalism and Workplace Etiquette
8. Prepare for Career Success

POST EVENT REPORT ON

Workshop On Patent: “ Building Soft Skills in Engineering Students

”

22nd & 23rd May, 2023

Day-1	22 nd May 2023
Resource Person	Dr. Guguloth Vikas
Profile	Professor, Lords Institute of Engineering and Technology
Topic	“Building Soft Skills in Engineering Students “
Session Overview	The workshop on "Building Soft Skills in Engineering Students" is designed to highlight the importance of non-technical skills in shaping well-rounded professionals. The session will explore key soft skills such as communication, teamwork, adaptability, emotional intelligence, and leadership, which are critical in navigating the complexities of modern engineering roles.

Day-2	23 rd May 2023
Resource Person	Dr. Guguloth Vikas
Profile	Professor, Lords Institute of Engineering and Technology
Topic	“Building Soft Skills in Engineering Students “
Session Overview	Participants will engage in interactive activities, case studies, and discussions to understand how these skills complement technical expertise and enhance career prospects. By the end of the session, students will gain practical insights into developing these competencies to excel in collaborative environments, manage conflicts effectively, and become industry-ready professionals capable of contributing to both technical and organizational success.

DEPARTMENT OF MECHANICAL ENGINEERING

Presents

Workshop on “Abrasive Wear Effect on Material used in Pneumatics”

31-07-2023

ABOUT THE COLLEGE

Brilliant Institute of engineering and technology was established in 2008, promoted by Brilliant Grammar School Educational society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception The college is offering UG Courses CSE, CSE-AI&ML, CSE-CS, CSE-SE, ECE, EEE, MECH, CIVIL, and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT IPR CELL

An Intellectual Property Right (IPR) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Intellectual Property Rights in the Institution and also to create awareness among the stakeholders to save individuals work or ideas.

ABOUT THE WORKSHOP

Scuffing is invariably the result of excessive heat. It occurs when the surface temperature of one or both of two rubbing metal surfaces reaches the melting point of the material, allowing a small dab of the melted material to pull out. Scuffing may be identified by discoloured metal. When magnified, the metal will be burnished and smeared in the direction of motion. The starting point may be difficult to see, because it invariably spreads to a larger area because of the additional heat generated by scuffing action itself. This wear of material plays an important role in most of pneumatic equipment's and its performance value.

REGISTRATION

It is open to all faculties, Students and Research Scholars. No registration fee. Register on or before 31-07-2023 through the following link <https://forms.gle/7jU2M4a5pL7PWYQb6>

SCHEDULE:

Date & Time	Topic	Speaker
Session 1:31/07/2023 10:00 AM – 1:00 PM	<ol style="list-style-type: none">1. Study about the materials used in pneumatic equipment's.2. Study about behavior of composite metals in casting process of cylinder and pistons.3. Study on factors of failure mechanics.4. Fault detection and application control.	Mr. P. Raju HOD ASRA
Session 2: 31/07/2023 02:00 PM – 04:00 PM	<ol style="list-style-type: none">1. Analysis on fatigue appliances in wear.2. Simulations on design by using ANSYS work bench.3. Comparisons of theoretical and analyzed calculations.4. Comparisons of different designs with applications.5. A comprehensive study has been performed on erosion simulation of polyurethane films subjected to impact by sand particles.	Mr. P. Raju HOD ASRA

Chairman: Sri. K. NARAYAN REDDY

Principal: Dr. SHAIK RUSTHUM

Convener: Dr. M. NAGARJUNA- HOD, MECH

IPR Cell Coordinator: Mr. B. SAIRAM GOUD

About The college

Brilliant Institute of Engineering & Technology-(BRIL) was established in the year 2008 as the first self-financing engineering college in the state of Telangana. It is located in a vast expanse of 70 acres of land on the outskirts of Hyderabad city at a distance of about 20Kms from the city centre. The college offers 7 undergraduate programmes and. The faculty at present are 150, comprising of well qualified professionals with varied experience and background. The college boasts 6 MoUs with industrial partners and has established Skill Development Centre in association with Govt of TS.

About The Department

Established in the year 2013, the department of Mechanical Engineering offers B. Tech programme in Mechanical Engineering and The department has a team of highly qualified senior faculty with specializations in core areas of Mechanical Engineering department. The Mechanical Engineering department has been sanctioned projects from various organizations like UGC, AICTE. It has faculty strength of 14 and an intake of 30 students for UG.

About The Programme

Workshop for Faculty and Students to get overview in the recent trends related to material science and scope of study in regards of Abrasive wear which is occurring in Pneumatics. Good researches needed to optimize with different materials to get better results on materials useful for further production. :

Objectives:

- To find out abrasive effects in type materials in pneumatic zones.
- To optimise the design requirements by considering different case studies in pneumatic equipments.
- To find out the compositions and applications during the process of wear used in pneumatic zone process.
- To obtain the wear rate for the different abrasive grain sizes at certain specified loads.

Organizing Committee:

Mr. M. Anil Reddy , Asst.Prof
Mr. D. Mohan , Asst.Prof
Mrs. G. Umamaheshwari Asst.Prof

For Registration & Further Details:-

Mr. B Sairam Goud, Asst.Prof
Contact No: +91 7396973460

Contents of the Workshop:

- Over view on Abrasive Effect
- Simulation Methods and Recent Study to detect the Abrasive Effect.
- Comparison Study with various Monolithic materials

Benefits and Take Away:

- Study about the materials used in pneumatic equipment.
- Study about behavior of composite metals in casting process of cylinder and pistons.
- Study on factors of failure mechanics.
- Fault detection and application control.
- Analysis on fatigue appliances in wear.
- Simulations on design by using work bench.

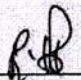

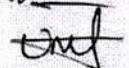

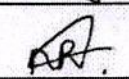

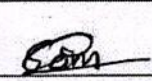

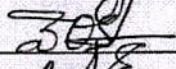

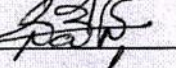

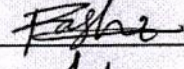

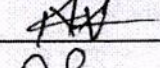

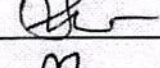

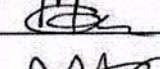

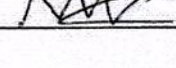

Venue:

Seminar Hall-4,
Brilliant Institute of Engineering and Technology.

Workshop on: "Abrasive Wear Effect on Material used in Pneumatics"

31st July 2023

Day-1	31 st July 2023
Resource Person	Mr. P. Raju
Profile	HOD, ASRA.
Topic	Abrasive Wear Effect on Material used in Pneumatics
Session Overview	Present workshop described that the impact of rolling process parameters like initial thickness, roll speed, percentage of thickness reduction and roll temperature on roll separation force. The rolled specimens were tested by using Brinnel hardness test. The hardness of specimen has been improved. Microstructures analyses were concentrated under an optical magnifying instrument for the rolled specimen get refine grain structure for minimum grain size.
