Cloth Bags Distribution:

The NSS Cell of BRIL conducted a “Cloth Bags Distribution” at Inaamguda village on 11th November 2020. The NSS team explained to Inaamguda village people to use of single use plastic is deleterious for the environment and the plastic is not degradable for years, it becomes very difficult task to dispose of all the plastic that gets generated every day.

NSS team of BRIL reached to each and every household of the Inaamguda village and created awareness about using cloth bag instead of asking for plastic bags from vendors and gave the cloth bags to each and every household. Approximately 350 cloth bags were distributed by the NSS coordinator N.Srikanth, students and faculty.

National Pollution Control day:

The BRIL celebrated “National Pollution Control day” on 2nd December 2021 headed by NSS coordinator and team. The BRIL students actively participated in this event. The students delivered speech by their own words that is as per the national health portal of India, around 7 million people across the world die due to air pollution every year. The day is celebrated every year on 2nd December to bring awareness about the dangers caused due to polluted water, land and air. Also, we can define pollution as the addition of any substances whether solid, liquid, gas or any form of energy like heat, sound, etc. to the environment. Our principal Dr. Shaik Rusthum appreciated to students who are explained about pollution.

Save Water Campaign:

The BRIL organized “Save Water campaign” on 05/02/2019. NSS coordinator and team participated in this program. The campaign began at 10:00 in the morning. NSS team explained to kawadipalli village people to use of water scarcity has become a big problem today; if it is not taken care of in time, it will become a threat in the future. Understanding the scarcity and importance of water, many people have started conserving water. Moreover, many environmentalists have also said that rainwater is a gift from God. We should harvest it so that it can be utilized in other seasonal months.

They also tell that we can use water for many things, especially rainwater. Rainwater may be used for toilets, washing clothes, cleaning floors, watering plants and vehicles, etc. Similarly, one after the other, many environmentalists gave their valuable talks on water conservation Also, they requested all the people not to waste much water try to save every single drop of water.

The BRIL celebrated “World River Day” on 23rd September 2017, to create awareness to improve and protect the rivers around the world. Spreading this message, the students of BRIL College, presented a class assembly on World Rivers Day. They started the assembly by highlighting some amazing facts about the rivers worldwide. There was a mime act on how pious our rivers are but due to unhealthy human activities they are getting polluted. The students motivated the villages to join the mission of saving rivers with their speech. The Principal Dr. Shaik Rusthum sir appreciated the efforts of the students and asked the students to make conscious efforts to save water and there by save our planet Earth.

BAN OF PLASTIC:

We should switch to reusable, eco-friendly, and sustainable alternatives to plastic. Waste plastic releases chemicals that enter the soil, making it infertile. The disposal of plastic indiscriminately will ruin our planet entirely. Banning plastic bags or levying taxes by the government can keep our environment safe.
