

Institution – Industry Cell

Institution – Industry Cell is established to bridge the gap between the institute and industry and thus enhance the relationship among each other.

This cell identifies the industrial expectations and promotes institutional preparation for meeting industrial needs by facilitating sponsored R&D projects, seminars, workshops and various other industrial training programmes.

The aim of the cell is to make an effective contribution to the educational system by identifying the gap between academic curriculum and the need of the industry.

Institution – Industry Cell promotes in equipping faculty to latest practices and makes the students industry-ready by providing exposure to current industry practices and hone their skills to adapt to changing technologies.

The primary focus of Institution – Industry Cell is to interact with elite industries across the country and establish partnerships with them.

Function of the Cell :

The institute has set up an Industry-Institute Partnership Cell with the following objectives:

- Bridging the gap between Industry-Institute by interactive programs
- Promoting a partnership approach towards mobilizing industrial personnel.
- To arrange for students' industrial visits.
- Organizing seminars, symposiums, exhibitions and workshops both for faculties and students in cutting edge technologies to cater to the current needs of the industry.
- To arrange industrial training for students and faculty members.
- To identify the opportunities for student project work in industries.
- To encourage the department level tie-ups or MoUs with industries for mutual benefit.
- To promote consultancy activities and research and developmental activities with industry.
- To enrich the teaching-learning process through identified industrial gaps.
- To invite industry experts for guest lectures, seminars, brain-storming sessions and expertise sharing.
